# ALL-NEW WOODS® SNOW BLOWERS

## TRACTOR HP RANGE 20-90

For those who need to tackle their to-do's, even in heavy winter snow, the new Woods snowblower line gives users the upper hand with the quality and confidence of the Woods brand. Woods snowblowers easily handle even the most daunting snow applications, because they are designed with heavy-duty, reinforced and dynamically balanced components that allow the equipment to run smoother and last longer in challenging rural applications.

With Woods advantages now available in snowblowers, users can put snow in its place and get back other priorities faster than ever before.
